PROFILE

Dedicated Frontend and Fullstack Developer with 3+ years of experience in the banking industry, specializing in modern web technologies such as React, Next.js, and TypeScript. Proven ability to deliver high-performance, and user-friendly web applications. Seeking a Frontend Developer role to contribute technical expertise and deliver innovative digital solutions.

WORK EXPERIENCE

AYA Bank

AUG 2024 - FEB 2025

Full-stack Developer

- Develop responsive **Telco Recharge Portal** using React.js, Next.js, TypeScript, Tailwind CSS, and ShadCN UI.
- Engineered scalable and secure backend APIs with Node.js, Express, and MongoDB, optimizing data flow and application performance.
- Implemented Role-Based Access Control (RBAC) to enhance authentication, authorization, and data protection.

A Bank

MAR 2022 - JUL 2024

Front-end Developer

- Contribute to the development of **Aplus Wallet Reporting** and **Accounting admin portals** using React, TypeScript, and MUI.
- Maintain existing **Aplus Merchant portal**, including fixing bugs and develop new custom components to meet project requirements.
- Develop **Web Payment SDK** using Nextjs, Redux, jest unit test and Tailwind css.

A Bank

FEB 2020 - FEB 2022

Application Support

- Develop stored procedures using Oracle SQL.
- Create **Core Banking Reports** using the iReport Tool, increasing reporting efficiency.
- Provide backend and frontend end-of-day (EOD) support to ensure Core Banking system stability.

EDUCATION

Bachelor of Computer Science

2013- 2018

University of Computer Studies, Yangon
